

MARSHFIELD DOORSYSTEMS ENVIRONMENTAL CLASS DOORS®

Urea-Formaldehyde Free • FSC & SCS Certified • Particleboard Doors - (EPCUF)

Marshfield DoorSystems has recognized the emerging influence of the “green” movement and has anticipated its expansion into the construction industry. Marshfield DoorSystems is dedicated to being the “green” industry leader by continually improving the Environmental Class Doors® product line. The most recent addition is the urea-formaldehyde free, FSC & SCS certified particleboard door (EPCUF).

The EPCUF is the most durable, LEED-inclusive “green” door on the market. Contributing towards 7 LEED credits, the EPCUF is yet another reason Marshfield DoorSystems is the undisputed industry leader.

THE EPCUF CONTRIBUTES TOWARDS THE FOLLOWING LEED CREDITS

- MR 4.1 – Materials & Resources – 10% Recycled Content**
- MR 4.2 – Materials & Resources – 20% Recycled Content**
- MR 5.1 – Materials & Resources – Regional Materials 10%**
- MR 5.2 – Materials & Resources – Regional Materials 20%**
- MR 6.0 – Materials & Resources – Rapidly Renewable**
- MR 7.0 – Materials & Resources – FSC-Certified Wood**
- EQ 4.4 – Indoor Environmental Quality – No Added Urea-Formaldehyde**

Footnotes:

- (1) Marshfield doors are certified by Scientific Certification Systems to contain pre-consumer recycled wood content.
- (2) Location of project site in relation to extracting, processing and manufacturing determines eligibility (must be within 500 miles).
- (3) When bamboo veneers are specified.
- (4) Door core, crossbands, veneer, all components and assembly must have no urea-formaldehyde resins.
